A present for Miss Brennan

Miss Brennan's birthday is coming and I am going to make a keychain as a present for her. I think this birthday present is perfect for her and I will make it by myself. I hope she will like the present.

I am going to tell you how to make the keychain. The keychain is made of cardboard. First, cut the cardboard into different shapes, like stars, circles and hearts. Then design the keychain. After that, use hot glue to stick the shapes together until it looks like a teddy bear and a keychain. Next paint the keychain and the teddy bear and wait until it's dry. Finally use hot glue again to stick the keychain and the teddy bear together. It's very easy, right? It is used for decorating pencil cases, backpacks or lunch boxes.

The keychain is special for Miss Brennan because I saw a lot of cute plush in her room. I think adding a little teddy bear will be fine. The little teddy bear has a cup of coffee in its hand. I think her favourite drink is coffee because she is from Canada and many Canadians like drinking coffee. I hope she will like my gift.

I think this is a wonderful gift for Miss Brennan and she will definitely like the gift because I will tell her I made the gift by myself. I noticed that her bag is a bit plain so I decided to make this keychain for her. The teddy bear has an orange dress which is her favourite colour. I have put all Miss Brennan's favourite stuff in the keychain so I think this is a wonderful gift for her.

I am going to give the gift to Miss Brennan by hand on her birthday. I hope she will like it.

Teacher's comment: Good job! Good use of topic sentences! I really like your ideas. I think Miss Brennan will like your gift.
